**DETAILED ACTION**

This Office action is in response to the application filed November 13, 2001.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 10-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims listed above fail to define the formula 5-34 within the claim. Claims 10-12 must recite formulas 5-34 and cannot rely in the definition above. Correction is necessary.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1-20 rejected under 35 U.S.C. 102(a) as being anticipated by EP-905,170 or EP-905169.

The claims are anticipated at in the abstract and at pages 3-5 of each reference wherein the diamine compounds meet the claimed scope for claims 1-20.
